VOL. CXXXVI.—No. 274. ALEXANDRIA, VIRGINIA, TUESDAY, NOVEMBER 16, 1920. PRICE TWO CENTS

NOT TO ATTEND LEAGUE PARTY

Wilson Reported Against Unofficial Participation

ATTITUDE EXPLAINED

Hymans Chosen President—Question of Admitting Germany Expected to Arise Soon—Praise Wilson's Work

Washington, Nov. 16.—The United States will not be represented at the meeting of the League of Nations assembly at Geneva by any observers, official or unofficial, according to an authoritative statement emanating from the Administration yesterday.

The attitude of the President, it was explained, is that he has done all in his power to put the United States into the League of Nations he helped to construct, but that, inasmuch as the American people have rejected his plan, he feels himself enjoined from participating in any manner in the session of the Assembly, which he convoked in accord with the terms of the treaty.

In regard to the possibility that the League would attempt to settle the Tacna-Arica dispute between Chile and Peru the State Department takes the position that such a course would not infringe the Monroe Doctrine.

The disposition on the part of the President to wash his hands of the League of Nations question as a consequence of his defeat in the "great and solemn referendum" is interpreted in some quarters as an indication that he will not resubmit the Versailles treaty to the Senate at the approaching session, as some of the League advocates desire.

Geneva, Nov. 16.—M. Paul Hymans, formerly Premier of Belgium, was elected president of the League of Nations Assembly at its initial session today; President Wilson was formally thanked for his work in forwarding the interests of the League; the question of the admission of Germany to the League was injected into the proceedings, and a considerable amount of work was mapped out for the delegates.

M. Hymans received 35 of the 42 votes of the Assembly. In his address of acceptance he said that it was not pretended that the League was perfect and could not be improved. He discussed the possibility of amendments.

Premier Motta, of Switzerland, welcomed the delegates and expressed the hope that the United States would soon be represented in the Assembly.

A large audience was in attendance and frequently applauded the Belgian and Swiss Premiers as they spoke. The resolution expressing appreciation for President Wilson's work for the League was adopted unanimously. It was introduced by a British delegate.

Lord Robert Cecil, who represents South Africa, introduced the German problem at the afternoon session in the form of a resolution providing that the Assembly should be left free at any time to entertain an application from Germany for admission to the League. The French opposed the motion on the ground that a vote would commit the delegation. After Lord Robert Cecil had explained that he considered that his resolution left the question of his country's attitude open, the French yielded.

M. Tittoni, Italian delegate, declared that world sentiment demanded the admission of Austria and Bulgaria.

Despite the discussion today, there is still no indication as to how the question of the admission of Germany will be brought before the Assembly, but after the debate on the Cecil resolution, it is certain that it will arise soon.

GUESTS OF K. C. PLAYERS

Mrs. James Myers and Mrs. J. N. Rollins, of Colonial Beach, were the guests of honor at a supper dance last night at the Hotel Rammel, given by the members of former Knights of Columbus Minstrel Troupe. The hotel was beautifully decorated for the occasion, and over forty members of the club were in attendance.

When the Knights of Columbus Players' journeyed to Colonial Beach over Labor Day, it was these two ladies, Mrs. Myers and Mrs. Rollins, who worked so indefatigably in making the sojourn at Colonial Beach an exceptionally pleasant one. It was to give expression to the feeling of gratitude of the K. of C., players that this affair was held last night.

LUCKY AT GUESSING

T. Houston, with a guess of 55, won the Ingersoll Radiolite watch which was given away to the person guessing the nearest the number of Ingersoll Watches in the window of the Saunders and Son ejwelry store, last week.

The boy guessed 55 watches and this was the exact number that was in the window. In the neighborhood of 100 guesses were registered by persons interested in the contest The lucky boy lives at 219 North Columbus street.

AMERICA WHOLLY ALOOF FROM THE LEAGUE MEETING

Washington, Nov. 16.—The American Government will take no part whatever in the first meeting of the Assembly of the League of Nations, at Geneva.

No person, either officially or unofficially, will attend the sessions on behalf of the United States, it was learned authoritatively today. There will not even be an observer present, and the American Minister to Switzerland, whose residence is at Berne, has received no instructions to go to Geneva.

RAILWAY LIABLE WHEN ITS CLOCK IS INACCURATE

Mobile, Ala., Nov. 16.—The Alabama Supreme Court recently in the case of Ellen Clarke versus the Louisville and Nashville Railroad Company ruled that when a railroad puts a clock or any other timepiece in the gaze of the public it is bound by duty to its patrons to keep it so regulated as to furnish reasonably accurate time, and failing so to do it is responsible for any damage such error in time may bring to its patrons.

FINDS NO BIG PRICE DROP

Denver, Colo., Nov. 16.—Doubt that any big price decline will come soon and that prices will reach prewar levels was expressed by Senator W. M. Calder, of New York, chairman of the Senate committee on reconstruction and production, which met here yesterday to investigate housing conditions in Colorado and nearby States.

"Wherever we have gone," he said, "there seems to be a fairly general opinion that prices on building materials eventually must decline. The committee so far has found a decline in only one building material—lumber—which sold for $30 a thousand, then advanced to $90 and has declined to $60.

"As long as the government's great loans are out, labor is opposed to reductions in wages and the employer is opposed to reductions of his prices."

VETERAN

You cannot compute in terms of money, years, hardship and denial what your Gold Chevron cost you. You paid for the privilege of wearing that badge of the fighting man at usurious rate. On the sea, in the trenches, in the air, every day of your service your LIFE was the maximum price you were prepared to pay for the service that gave you a Gold Chevron.

Now you're in civilian clothes and the Gold Chevron is on the shelf. The world will never know you sated a gold or silver stripe unless you tell. Tell it through the only organization in this country that is exclusively for THE FIGHTING MEN—THE MEN WHO SAW FOREIGN SERVICE. The VETEANS OF FOREIGN WARS is that organization.

Do you prefer to pal with the conglomerate mass of gold-stripers, silver- stripers and no-stripers eligible to other organizations or do you want in ONLY with the fighting men who talk your language? Distinguish your foreign service by joining the V. F. W. You join it because you're a campaigner.

Auto Thieves Busy

Abandoning One Car They Steal Another—One Recovered This Morning

Automobile thieves in this section are busy just now, two machines being reported stolen last night, one of which was recovered this morning.

The automobile thieves first entered the garage of W. W. Hoxton, North Rosemont and took his Chandler car valued at about $2,800. The thieves, however, were disappointed for certain parts of the machine had been removed preventing the thieves getting it further than down hill a square away from Mr. Hoxton's where they left it.

The machine was found this morning by Policemen Rawlett and Durrer and turned over to the owner. About two months ago a machine was stolen from Mr. Hoxton's garage and never was recovered.

It is believed that the same thieves who entered the garage of Mr. Hoxton are the ones guilty of the theft of a machine later in the night from the garage of Mr. Hereford, 111 Rucker Place, Rosemont, stealing a Ford machine.

B. L. Bigelow Thrown Over Embankment and Injured When Oil Wagon Goes Over Bank

Benjamin L. Bigelow, driver for the Standard Oil Company in this city, at 8 o'clock this morning had a narrow escape from being killed when the big tank wagon he was driving went over a steep embankment on the Camp Humphreys road four miles south of Alexandria, in Fairfax county.

Bigelow was enroute to Quantico with his tank wagon containing 600 gallons of gasoline. The heavy rain caused the earth to give in precipitating wagon and driver down an eight foot embankment before Bigelow had a chance to jump.

PENNSY TO LAY OFF 2,500 MORE MEN

Reduction to be Made Brings Total up to 10,000

STOCKS LOW RECORDS

New York and New England Factories Reducing Forces—Working Hours Reduced in Many Factories

Philadelphia, Nov. 16.—The Pennsylvania Railroad will lay off 2,500 more men—1,000 of them on the Philadelphia division, within the next ten days, according to announcement today by the company.

The Philadelphia division extends from outside this city to Harrisburg.

Fifteen hundred of the employes will be laid off in the Central Pennsylvania division, which comprises Williamsport, Sunbury, Elmira and the Schuylkill division. At Williamsport, where it is announced 505 will go, the majority will be car shop employes.

Since the end of October there has been a total net reduction of more than 10,000 employes of the Pennsylvania system, most of them east of Pittsburgh.

(New York, Nov. 16.—For the seventh consecutive session since the Presidential election the stock market was nervous and unsettled again today, mainly on the further closing out of speculative accounts, which added to the new low records of one to three years past.

Banking conditions improved over the week end, as shown by the easier rate for call money, but developments otherwise were of the same discouraging character that influenced the market throughout the month. These consisted mainly of advices indicating that the process of business readjustment throughout the country was making greater progress with increased curtailment of manufactured articles.

From Albany came Associated Press reports that 400 shopmen employed by the New York Central Railroad Company at the West Albany repair shops and 100 other workers will be laid off tonight. The Boston and Albany Railroad posted a notice that 10 per cent of its working force of 750 in Albany would be made idle Wednesday.

Reports from Springfield, Mass., were to the effect that the Westinghouse Electric and Manufacturing Company yesterday put into effect a cut from 54 to 48 hours a week in its working schedule affecting 4,800 employes. At the same time the Moore Drop Forge Company, of Springfield, abolished its eight-hour night shift, laying off between 700 to 750 men. The Westinghouse Co., it was said, expects to avoid reduction in the number of its employes.

Advices from Worcester, Massachusetts, said the Norton Company manufacturers of abrasives, yesterday started a 40-hour week for its employes because of a reduction of business. The Graton and Knight Manufacturing Company, belt and leather makers, is put on a five day basis, the Bradley Car Works has cut its forces from 1,000 to 800 men, and the Whittall Carpet Mills are closed entirely for a week at least.

From Biddeford, Maine, the Pepperell and York Cotton Mills, employing 6,000 persons, were reported as having inaugurated a working schedule of three days a week to continue until further notice.

Chicago, Nov. 16.—Chicago bakers were summoned to City Hall yesterday by Russell Poole, Secretary of the Council's high cost of living committee, and urged to reduce the price of bread from 15 cents for a pound loaf to 10 cents.

SMALL RIOT IN CHURCH

Preacher and Part of Flock Air Differences in Police Court

Baton Rouge, La., Nov. 15.—Police were called to restore peace at tht First Christian Church here yesterday after the pastor, Rev. A. B. Book, had announced that because there as no heat in the church building communion would not be administered. A large part of the congregation was in police court yesterday, either as witnesses or principals on charges of disturbing the peace, placed against the minister and several of his congregation.

According to the police version, the dispute began with the attempt of Mr Book to remove the communion vessels from the church. Blows were exchanged, the police allege, but each side claimed the other struck first.

Decision to remove the communion vessels as said by the authorities to have brought to a head factional differences in the church.

ASKS FOR CARLOAD RATES ON CHINESE PIGTAILS

Washington, Nov. 16.—Establishment of a carload rate on Chinese pigtails pressed into cloth from Houston, Texas, to various parts of the country was asked of the Interstate Commerce Commission today by the Oriental Manufacturing Co., of Houston.

Clifford Thorne, of Chicago, representing the applicants, told the commission that pigtails, pressed into cloth, were used for filteration, straining soups and similar purposes. The commission has the application under consideration.

NEW YORK'S 14,000 COPS BECOME MOTOR "EXPERTS"

New York, Nov. 16.—New York city's 14,000 policemen became automobile experts all of a sudden today. Acting on orders received Saturday from Commissioner Enright, who has planned a three weeks' campaign to reduce the number of automobile accidents, the police hailed thousands of automobiles and examined them for mechanical defects. If there was anything wrong enough to increase the possibility of accidents, the chauffeurs were directed to garages and repair shops. The police took free rides to make sure their orders would be obeyed.

LABOR DENIES REPORT OF HOOVER AS MEDIATOR

Washington, Nov. 16.—The executive council of the American Federation of Labor continued here yesterday its discussion, understood to be largely devoted to seeking methods by which differences between labor and capital may be adjusted peacefully. There was no indication of what progress was being made, however, except that it was stated officially the meeting would probably continue several days. All sessions are executive and no statement of the matters under consideration has been given out.

Suggestions that the federation planned to select some widely known man to act as its intermediary with capital in future labor controversies were characterized by officials as "absurd." Those who would discuss the suggestions which named Herbert Hoover, former Federal Food Administrator, as the man likely to be selected, declared the report baseless.

"Neither Mr. Hoover, nor any other man outside of the President of the United States," was in a position to render beneficial services in such capacity, one official of the federation asserted.

There were reports at Federation headquarters last night that the executive council had under consideration legislation affecting the adjustment of disputes which it would urge labor's friends in Congress to push.

MYSTERY SHROUDS ACTRESSES' DEATH

Chicago, Nov. 16.—Marie Ramey and Lillian Thompson, actresses, continued yesterday, though dead, to be headliners in one of the most shadowy mysteries that has confronted the Chicago police in years.

The bodies of the two young women were found yesterday in Grant Park, the city's front door step. Police were apparently no nearer a solution of the case last night than they were when the tragedy was first reported by a mysterious telephone call.

The conclusion has been reached that they were not slain outright, but were unintentionally poisoned during a drinking bout, taken half conscious to the depths of the park, thrown from an automobile, and left to succumb to the poison and the freezing lake wind.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenrhu, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. BAGGAGE MAN HELD IN BIG MAIL ROBBERY

Omaha, Nov. 16.—Federal officials yesterday arrested Merle Phillips, 20, railway baggage employe, as one of the three men who, late Saturday robbed a mail car on a fast trans-continental passenger train of ten registered mail pouches, said to contain close to $20,000.

Phillips, according to the Federal officials confessed, forced his way into the car and threw out the pouches which were picked up by accomplices. Names of the other two men were said to have been given by Phillips.

DEATH THEATER OWNERS HELD FOR NEGLIGENCE

New York, Nov. 16.—Barnett Weinberg and Max Schwartz, owners of a movie house, and their manager, Joseph Palapi, were held yesterday on charges of criminal negligence as a result of the panic which caused the death of six children in the theater yesterday.

The three men were charged in "short affidavits" with having been criminally negligent in having an exit door locked and failing to take precautions to safeguard their patrons.

BENSON RAPS FOES OF SHIPPING BOARD

(Continued from Page One)

depend upon it that no wrongdoer closest watch upon all matters," said Chairman Benson, "but I have followed the work of the shipping board in every port of the world with the one thought in mind that we are now reaching that crucial moment which spells either the success or failure of a permanent merchant marine.

"There is no effort on our part to shirk whatever responsibility we have assumed. We have insisted that at all times the records are open to the public. Every facility is offered to those who desire information.

"It is an easy matter for anyone to pick flaws in an organization like the shipping board. We had to train 300,000 shipbuilders and in the manning of our ships we have had to train thousands of men. Of course, in an organization of this magnitude you will find here and there evidences of wrongdoing and now and then you will uncover a systematic effort to defraud.

"It was necessary for the Shipping Board to employ men whose sole responsibility was the uncovering of wrongdoing and these men were charged with a heavy responsibility. The men who we depend upon to be checks upon those who might be tempted to do wrong bear a heavy responsibility if they failed us, but in an organization spending more than $3,000,000,000 where as the largest steamship operator in the world, millions of dollars are expended from day to day, it would be humanly impossible to prevent all wrong doing or to do business without suffering financial losses from time to time.

Men of vision will take into consideration the whole picture presented by shipping problems, Chairman Benson asserted, recalling the work done by the American merchant marine during the war and praising the vision of Edward N. Hurley, who as chairman of the board after the armistice, went ahead with the shipbuilding program.

"My predecessor, John Barton Payne, had a heavy responsibility placed upon him when he stepped into theoffice made vacant through Mr. Hurley's resignation," Admiral Benson continued. "Thousands of claims amounting to millions of dollars, the jobs of more than 300,000 men involved in the settlement of these claims, problems of reconstruction, are only a few of the many pressing matters that came before him in a day's work."

Responsibility for the establishment of a permanent merchant marine rests with the American people, as well as with the board, Chairman Benson declared, adding that "it is the respousibility of every newspaper publisher in America, and I have time and again called upon the press, and they have met me in a noble manner, to spread this message before the world—that America is now ship indpendent."

Declaring that he was charged as chairman of the board with great responsibility, Chairman Benson said he would be cowardly if he refused to exercise to the best of his judgment the powers vested in him.

SOFT DRINK SALES

Tax receipts indicate that the community has spent about half a billion dollars in less than a year for soft drinks. This is one fourth of what used to be held up as our horrible annual drink bill. But the drink bill, annually computed by an organ of the grocery trade, included tea and coffee, and the consumption of coffee has materially increased. The news dispatches indicate that very large amounts of spirits are being consumed. Distilled liquors are displacing beer and wine because they supply alcohol in a more condensed form, and the substitution of spirits for the mildly alcoholic beverages is not an advantage to the community. Furthermore, these illicit spirits bring very high prices. Therefore, it is not at all certain that the expenditures for alcoholic drinks are much less than they were before prohibition, and certainly in the aggregate bill, comprising all beverages, has decreased little or not at all, so that the economic gain of prohibition disappears.

SPORTS

Negotiations have been completed by the management of the Dreadnaught Athletic Club to bring the crack Camp Humphreys officers eleven here Sunday, November 21st, to oppose the locals.

This fast eleven needs no introduction to local football followers as last year's engagements when the big "D" lads triumphed over the Officers 7-6 is still fresh in their memory.

Last Saturday they journeyed over to Galladet College, and held the lead until the last few minutes when the "dummies" slipped over the winning marker, winning 21-20. Lieut. Eugene Vidal, home from this year's Olympic games, held at Antwerp, where he won honors in the penthalon events, and who also made Walter Camp's All-American eleven, while at West Point, is half back and captain of the Humphrey's team, and was easily the star of last Saturday's game at Kendall Green. It is understood that the Engineers are are backing their team heavily, reports from the camp to the effect that they expect to win by at least thre touchdowns over the locals.

Brownsville, Texas, Nov. 16.—President elect Harding arrived here at 3 o'clock yesterday afternoon after riding one hour and forty five minutes over the rough trail from Point Isabel.

He had planned to abandon Point Isabel yesterday because of the inclement weather, but was unable to get to Brownsville until this afternoon.

PLUCKY NURSES RESCUE 62 CHILDREN FROM FIRE

Pittsburgh, Nov. 16.—Fighting their way through smoked filled halls and rooms, nurses in the Jewish Home for Babies, on Breckenridge Avenue, rescued 62 orphans ranging in age from 6 months to 10 years, when fire started from defective flue, broke out in the dormitory on the third floor late last night. The old buildings of the institution were destroyed. The new wing was unharmed.

PROMISES TO PUSH BILL TO CURB IMMIGRATION

Washington, Nov. 16.—A promise that at the approaching session of Congress an effort will be made to enact drastic legislation to restrict immigration was made here last night by Representative Albert Johnson, chairman of the House Committee on Immigration, who addressed a meeting of the Central Labor Union. However, Mr. Johnson said, he feared a Presidential veto of the bill and notified labor that strong sentiment must be developed to meet such a possibility.

An immigration law that will admit to American shores only the fathers, mothers and children of foreigners already here and who have been naturalized, was predicted by the House committee chairman.

$1,000,000 FIRE IN COAL MINE

Uniontown, Pa., Nov. 16.—A fire which company officials estimate will cause a loss of $1,000,000 is raging in the mine of the Uniontown-Connellsville Coal Company, near Brownsville.

Officials announced last night that the only manner in whic hthe flames could be extinguished would be by flooding the mine. The flooding will be started tomorrow

When the fire broke out 165 miners were at work, but they escaped without injury.

Officials say the mine will be useless for about two years.

ALL STUDENTS QUIT ST. JOHN'S COLLEGE

Annapolis, Md., Nov. 16.—Refusing to accept a compromise agreement offered them by the board of visitors and governors of St. John's College relative to the hazing of freshmen, the sophomore class walked out in a body yesterday and was followed by the junior, senior and freshman classes, about 250 students in all.

The trouble started a short time ago when the sophomore class drew up a resolution relative to hazing and was ordered by the board to retract it by November 13, under pain of expulsion.

It has been learned unofficially that the students demand the appointment of a new board and a new commandant, it being a military college.

ROBS PAYROLL TO GET MONEY FOR WEDDING

St. Louis, Nov. 16.—It takes capital to get married in 1920 and William Meyers, according to his own confession, obtained the funds for his marriage through the medium of a payroll robbery.

"I know he is a good boy and I intend to stand by him in his trouble," said his bride, Mrs. Madina Meyers, in denying that she intended to return to her home at Bonne Terre, Mo., now that her husband is in jail.

Meyers is 20 years old. Two hours after he, with three companions, had held up William Stewart, paymaster of the Bemis-Brag Company, on September 25, he and Miss Walk were married at St. Stephen's Church. One of the partners in the hold up acted as best man.

AGENTS HAVE REMOVED SAVORY FOODS, SAYS LAWLER

New York, Nov. 15.—Failure of the Internal Revenue Bureau to grant permits to use alcoholic liquors for cooking purposes has removed from the menus of restaurants, hotels and clubs "some of the most popular and delicious dishes," William H. Hirst, counsel for the Society of Restaurants, of New York, declared in a letter to Federal Prohibition Commissioner Kramer, made public here yesterday.

Declaring the ruling of the Supreme Court in the Stret case reopens the question of the authority for correctness of rulings of the Commissioner of Internal Revenue, Mr. Hirst urged that applications for these permits "now have the prompt attention of the internal revenue collectors.' The Supreme Court, he asserted, has pointed out that the prohibition of the Eighteenth Amendment run specifically against "intoxicating liquors" when used for "beverage purposes," meaning that "there is no inhibition for the use of such liquors for cooking purposes."

The theaters, each of which will seat 1,200, will be side by side and a single roof garden will cover both.

The contracts for the purchase of the sites and the erection of the new buildings are said to total $2,250,000.

COURT UPHOLDS BOY'S CLAIM TO $1,300 IN GOLD

Found in Digging Cellar Six Months Ago

New Castle, Ind., Nov. 16.—Ownership of $1,300 in gold found buried on a farm near Greensboro six months ago by Levi Todd, a 15 year old boy, was settled yesterday in the Circuit Court here by Judge Gause, deciding that "finders are keepers."

While excavating for a basement under an old house young Todd drove his pick into an earthenware jar containing the money, and then started a three cornered fight for its ownership.

Mrs. Clara Freeman Vickery, of this city, claimed the money was part of her mother's estate, and John Hardin, present owner of the farm, sought an interest as owner of the land. The Judge gave the money to its youthful finder, holding the evidence was insufficient to show Mrs. Vickery's mother had buried it and that Mr. Hardin's ownership of the land did not give him ownership of the money, because he was ignorant of its existence.

VIRGINIANS LYNCH NEGRO AFTER BREAKING IN JAIL

Bristol, Va.-Tenn., Nov. 16.—Dave Hunt, negro, aged 25, captured after a chase on a passenger train and held for an alleged assault on an elderly white woman, was taken from the jail at Wise, Va., early yesterday by a mob of about 75 men and hanged to a bridge near Kent Junction.

After the lynching the mob quietly dispersed and last night no arrests had been reported. Entrance was gained to the jail by breaking down the doors. The negro was taken to the scene of the lynching in an automobile.

The alleged attack on the woman, who is 60 years old, occurred at her home Friday. Shortly after she flagged a passenger train as it came by and told members of the crew that she had been attacked by the negro, whom they could see walking on the railway right of way some distance ahead. The train started after the negro, who headed for the mountainside when he saw that he was being pursued. The trainmen left their train and took to the woods after the fugitive, who soon was captured.

CONFESSES TRAIN LOOTING

Mail Sorter Admits Part in Crime Which May Net $1,000,000

Chicago, Nov. 16.—Postal inspectors here announced yesterday that Meri Phillips, a mail sorter, under arrest in connection with the robbery of a treasure car attached to a mail train near Council Bluffs, Iowa, last night had confessed a part in the crime, which may have netted the robbers $1,000,000.

The confession of Phillips describes in detail how the robbery was committed. It states that while Phillips stood on the engine as a lookout two of the robbers drove alongside the moving train in an automobile. When the train stopped for a crossing the window was smashed, one or both of the men entered, threw out ten sacks of registered mail, dropped one and escaped with the other nine sacks.

Phillips said the robbery was planned in Omaha. He has given the names of the other two men. Phillips, according to his story, was to meet them after the robbery. He waited for them two hours, but they did not come and he said he believed they double-crossed him.

The sorter is held in Council Bluffs, where the mail car, which was on its way from Omaha to Chicago, was ransacked. Two other clerks and a fourth man also are under arrest. The fourth man is held incommunicado by the Council Bluffs police. He is said to have confessed, but none of the details have been made public.

BOTH SIDES CLAIM GRECIAN VICTORY

London, Nov. 16.—Conflicting reports were received here yesterday on the Greek elections. Premier Venizelos claimed his party had been returned to power by 85 per cent of the votes. An exchange telegraph dispatch said Venizelos and his cabinet had been defeated and were resigning.
